

REMARKS

This Supplemental Amendment amends claim 31 by deleting the "formulating", "adjusting" and "administering" steps in favor of a single "administering" step. Claims 31-36 are pending.

This Amendment overcomes the objection in the Patent Office communication. Claims 31-36 are directed to a method of treatment, and do not contain any manufacturing/formulating limitations. The presently-claimed invention is within the elected invention of a method of treating a disease or disorder treatable by immunosuppression.

Prompt examination of the claims as presently amended are respectfully requested. The points made against the rejections in the Amendment filed August 5, 2010 remain valid and are incorporated herein.

It is not believed any fee is required for entry and consideration of this Supplemental Amendment. Nevertheless, the
